

USDA Sensors

**When your cargo is on the line,
only genuine Performance Parts
will do.**

NTC and PT100 Sensors

- USDA Sensor usage increases day by day. Not only for cold treatment, but also for many other refrigerated cargo applications.

Cable: 15 meters PUR cable
Conductors: 4 pieces
Tolerance: 0.05°C @ 0°C
Temp Range: -40°C to +60°C

- Provide maximum protection for every temperature-sensitive cargo you carry.

| Part Number | Description |
|-------------|-------------|
| 12-50089-02 | 3.5mm NTC |
| 12-50141-00 | 4.4mm PT100 |
