

Introducing Alternator-Powered All-Electric HVAC from Thermo King.

Roof Mount All-Electric

Rear Mount All-Electric

Alternator-Powered All-Electric HVAC

Get all of the Benefits of All-Electric HVAC on a Standard Diesel Engine Bus

- *Saves fuel by eliminating the effect of variable engine RPM on load and demand*
- *Optimum A/C unit capacity at all bus speeds*
- *Dramatically improved reliability*
- *Integrated electric compressors with microprocessor control*
- *No tubing or hoses needed to connect unit and compressor*
- *Reduced number of maintenance items*
- *Energy-efficient R-407C refrigerant*
